As noted therein and as argued at least on page 15 of the Appellant's Brief, there is no suggestion or reason to combine the snap-fit configuration of Hollister '311 with the annular skirt of Hollister '842 to arrive at a non-threaded annular skirt configuration that allows for the attachment of a shield in a manner that permits rotation of the shield about the housing without movement of the shield along the axis of the housing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
